though a provision of Rs three lakhs has been made in the city one Budget for 1941-42 towards the Govt share for the Underground Drainage scheme, the bunds are being operated upon by the Dr of Health & that the Mcpl has no information as to how much amount has been spent out of the above amount

WLB 5/6 It is seen from page 99 of the Revised Budget Estimate of the State for 1941-42 that a provision of Rs 3,15,000 has been made under Loans for Public Improvements - Planned improvement - under the Revised Estimate for 1941-42 According to the report now made by the Dr of H, this amount may perhaps be reduced by Rs 10,000/- & the revised Estimate put down at Rs 3,05,000. It was upto the Govt to have reported this fact much earlier in the year but at the fag end when the Budget has been finalised & printed it is impossible to reduce the amount under the above head for the current year to Rs 3,05,000 before the final Budget is passed, it may be thus done -

Application for a Re-appropriation of Budget Grant for the year 1941-42

Proposed increase or new grant									proposed reduction								
Head of service	Item No of Budget	Works	Amount of estimate	Outlay to end of last year	Original grant for current year	Existing grant for current year	Proposed increase	Grant as now proposed	Head of service	Item No of Budget	Works	Amount of estimate	Out lay to end of last year	Original grant for current year	Existing grant for current year	Proposed reduction	Grant at which work will stand after reduction
									30 Grants (1) Bangalore City Improvements	30 1	laying underground drainage for the City of Bangalore	Rs 41,24,441	Rs 10,10,888	Rs 3,00,000	Rs 3,00,000	Rs 10,000	Rs 2,90,000

Explanation of necessity for reappropriation

It was expected that, if the tenders for construction of the Ovoid sewers submitted in December 1941 and that for Improvements to submain No 8 submitted last month, should have been disposed off early, it would be possible to work out the entire grant and even appropriate a portion of the amount contributed by the Municipality It is already the tail end of the official year and even if the tenders should be disposed off, during this month, it is not possible to start the works in view of the impending monsoon, further the preparation of the concrete blocks and centerings required for the construction of the ovoid sewer and their curing take lot of time Hence/ it is proposed to surrender a sum of Rs 10,000/-
